

Memorial Options for Cremation

We offer many ways to commemorate and celebrate a life that is now a precious memory. We have chosen to call these memorials *Personal Touchstones*.

Niches for Urns

A personal columbarium has niches for urns and can be customized for your family's needs.

In-Home Granite Memorial

Your loved one's portrait engraved on distinctive Jet Black granite to cherish in your home is a *Personal Touchstone*.

Cremation Pillars

Cremation pillars are a welcome alternative to traditional urns. The pillar can be placed on a family cemetery plot, or in a private park or yard to commemorate the life of a loved one.

Natural Boulders

A natural boulder in a garden setting, a park or other peaceful place becomes a *Personal Touchstone* when personalized with the person's name - engraved on the surface or by adding an enduring bronze plaque.

Memorial Options for Cremation

We offer many ways to commemorate and celebrate a life that is now a precious memory. We have chosen to call these memorials *Personal Touchstones*.

Bronze Memory Plaques

A tree planted with a bronze memory plaque is a *Personal Touchstone* that expresses the never-ending cycle of life.

Standing Monuments

A personalized standing monument is a *Personal Touchstone* placed in a cemetery.

Benches

An exquisite granite bench, engraved with the name and perhaps a special saying becomes a *Personal Touchstone* where one can rest and remember.
